FOR REBATE OPERATIONS USE ONLY. DO NOT WRITE IN THIS AREA.

RECEIVED BY: _____ LETTER SENT BY: _____ REBATE AMT: _____

COMPLETED BY: _____ DATE PURCHASED: _____

DATE INSTALLED: _____

Rebate Details

Xcel Energy issues cash rebates in the form of checks, not utility bill credits. Xcel Energy is not responsible if your HVAC contractor provided inaccurate information about the amount and/or conditions of the actual rebate or equipment eligibility. Rebate requests within five years of a previous request at the same premise will not be accepted.

Application Details

Qualifying equipment must be purchased and installed between January 1, 2011 and December 31, 2011. Customers must apply for this rebate by July 31, 2012.

No phone calls will be accepted to provide equipment verification.

An application that is denied due to equipment ineligibility will not be accepted with changed model numbers.

A copy of the dated sales receipt or invoice must accompany complete information on the front of this form. The product invoice must specify all required information. Failure to complete this information will result in a returned application.

All information on the receipt or invoice must precisely match the information on the rebate application or the application will not be processed.

We reserve the right to conduct random inspections to verify installation of the rebated equipment at the address indicated on the front of this form. If we select your application for a random inspection, the rebate application will not be processed until the inspection has been satisfactorily completed. Inspections may be performed after rebate payment at Xcel Energy's discretion.

Limitations

Rebate qualifications and amounts are subject to change any time. Our rebate programs may be cancelled with 30 days notice.

Please visit us at xcelenergy.com/homerebates or call 1-800-895-4999 to determine whether any program changes have occurred.

Special Promotions

During special promotions for this program, it is the customer/contractor's responsibility to ensure all paperwork is postmarked by the deadline. Xcel Energy will not pay special promotion incentive dollars in the event that a form is lost or not postmarked by the deadline. No exceptions. Promotional rebate amounts will be automatically calculated by Xcel Energy. Promotion deadlines close at midnight on the date the application is due, with no exceptions.

Help With Forms

If you are building a new home, you must obtain a sales receipt for the equipment from your builder or retailer. Only one rebate per piece of equipment will be paid.

If you have questions while filling out this form, please contact your HVAC contractor or retailer for assistance. Please allow at least six weeks for your rebate to arrive.

Qualifying Customers

Xcel Energy natural gas residential customers in Minnesota/North Dakota are eligible for rebates when buying qualifying, high-efficiency, new natural gas water heaters (reconditioned equipment is not eligible).

If more than one unit is installed at an address, one application per unit is required to receive a rebate for each unit.

The program is applicable only for the purchase and installation of qualifying new water heaters sold by participating HVAC contractors or retailers for installation in new or replacement applications where natural gas is supplied by Xcel Energy at Xcel Energy retail rebates.

Participants understand they are not eligible to receive a rebate for this improvement earned under a different Xcel Energy Rebate program.

MINNESOTA 2011		
EQUIPMENT	EFFICIENCY RATING	REBATE
Standard Water Heater	.62 EF	\$40
Standard Water Heater	.64 EF	\$60
Standard Water Heater	.67 EF	\$120
Standard Water Heater	.80 EF	\$200
Tankless Water Heater	.82 EF	\$400

NORTH DAKOTA 2011		
EQUIPMENT	EFFICIENCY RATING	REBATE
Standard Water Heater	.62 EF	\$40
Standard Water Heater	.64 EF	\$60
Tankless Water Heater	.80 EF	\$100

Rebates for new home construction should be negotiated between the builder and resident or new home buyer to determine who receives the rebate.

Qualifying Equipment

Only equipment listed on the AHRI site (www.ahridirectory.org – residential section only) or ENERGY STAR site (energystar.gov) are eligible for rebate. Efficiency ratings are determined using the Air-Conditioning, Heating, and Refrigeration Institute (AHRI). There is no limit to the number of water heater rebates.

Submitting an AHRI or ENERGY STAR certificate with your application and invoice is highly recommended. The AHRI list of qualifying equipment is dynamic and changes frequently. AHRI certificates that are printed, within 2 weeks of the installation date, and sent in with the rebate application will be honored even if the equipment is no longer listed on the dynamic web site list.

Please include the items listed below on your application form and purchase receipt. If all of the items are not included the application will be returned.

Send to Xcel Energy (and keep a copy):

1. Your Purchase receipt/invoice, with these details:

- Customer name
- Installation address
- Brand
- Model number
- Size or capacity
- Serial number
- Invoice date
- Efficiency level

2. This rebate form, completely filled out (NO BLANKS)

Contractors keep a copy of the application form and invoice.

Send Complete Applications to:

**Xcel Energy Rebate Operations
P.O. Box 829
Minneapolis, MN 55440-0829**
