Unit Dimensions

* Overall height can be increased by 1-1/8 inch (28 mm) by adjusting the feet.

Electrical Requirements

Connect undercounter beverage center to a 115 VAC, 10 Amp (15 Amp for side-by-side) circuit that is controlled by a circuit breaker or fuse.

Unit Venting

The RU 500 can be integrated easily into your kitchen, bar or entertaining space: Counter slots are not required, given that the undercounter beverage center ventilates through the toe kick base.
